REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The applicants amended the claims to recite additional limitations of the method of the invention. The amendment obviates the rejection made in the previous Office action. Kim et al is still considered to the closest prior art. However, this document taken alone or in combination with other prior art fails to teach or fairly suggest a method comprising newly introduced limitations together with all other limitations of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alexander Markoff whose telephone number is 571-272-1304. The examiner can normally be reached on Monday-Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Barr can be reached on 571-272-1414. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
